This file shows the standard Computer Modern fonts which were written by Donald Knuth in METAFONT and are the fonts most commonly used with T<sub>E</sub>X. The fonts with an asterisk after their name are automatically loaded by plain.tex. The order of the fonts follows the list given in <http://www.ntg.nl/maps/08/17.pdf>, page 5. I printed all the fonts except cminch at 18pt to facilitate comparison.

Sans Serif Demibold Condensed is the font used for chapter titles in the T<sub>E</sub>Xbook.  
 Roman Inch is the font used for chapter numbers in the T<sub>E</sub>Xbook.  
 Sans Serif Quote and Sans Serif Quote Italic are the fonts used for quotations at the end of chapters in the T<sub>E</sub>Xbook.  
 Unslanted Italics is used for editors notes in TUGboat.

Below is cmr10 (\rm) at its natural size and also showing (in the .tex file) the more usual way of inputting characters. Also showing small caps and old style numbers (from cmcsc10 and cmmi10 respectively):

ΓΔΘΛΞΠΣΥΦΨΩffiffiffiffi`´˘˘˘° ‚ßæœø
